

PG Chaplains Monthly Message

1. Thessalonians 5: 11 from the Message Bible.

So speak encouraging words to one another. Build up your hope so you'll all be together in this, no one left out, no one left behind. I knocked; you're already doing this; just keep on doing it.

During these past months of lockdown, there have been some really good things happening within Freemasonry throughout the world, Scotland and here in the Province of Fife & Kinross in particular and the selfless acts which have been taking place are truly inspiring. People have been going out of their way in coming up with ways to help both neighbours and strangers and all being done in the right manner, seeking no reward or recognition for themselves, purely for the love of humanity, Caritas charity, the basis of our organisation.

That love Brethren comes from God and we are only able to share this love with others because of Him.

Carrying out these good deeds gives us the opportunity to meet people that we would otherwise not have the occasion to do, and through this be blessed ourselves by what we receive spiritually.

Whilst things are now easing slightly, the journey through lockdown is by no means over but with the Great Architect of the Universe by our side we will surely come through it as stronger people, so keep on with the good work Brethren and Stay Safe.
