

## The Grand Lodge of Antient Free and Accepted Masons of Scotland

William Ramsay McGhee, OStJ, D.L., Grand Master Mason

Brethren,

8<sup>th</sup> January 2021

I hope you had an enjoyable, albeit quiet New Year within the lockdown restrictions. May I take this opportunity to wish you all, and your families, a very blessed, happy and healthy 2021. We will overcome the nightmare that is Covid and we will get back to our meetings – we just need to hang in there a bit longer, but we will get there.

That said, it has not been the start to the New Year that we would have wished for. Little did I think when I penned the first update that I would be writing the 50<sup>th</sup> update in January 2021. The whole country is back in total lockdown but that little light, provided by the vaccine being made available, is still shining and we should all be eternally grateful for the skill of the scientists for getting us to this stage. Last night I had a Zoom meeting with the European Grand Masters and while it is no consolation, we are not alone in this upsurge – it is widespread throughout Europe and the Brethren in Croatia are also fighting against earthquakes. It was reported at the meeting last night that in and around Zagreb yesterday they experienced thirteen tremors – the day before it was seven. Our thoughts and prayers are with them at this very difficult time.

As I reported last week, the Heads of Orders meeting will take place on this coming Wednesday. Please don't expect a definitive answer as to when we can get back to holding meetings again. We will be looking at all our options and the Strategy Group are working on guidelines for a safe return to opening. I have asked Grand Secretary to contact the Scottish Government this week – they have never responded to any of my three letters to them – and ask that when the lockdown is over and some of the restrictions are lifted that we are given the same privileges that the churches have enjoyed. If we can get that assurance, then we can start planning in earnest.

I am very much aware that I haven't been in contact with the Lodges who should have had Anniversary Celebrations – simply because the goalposts keep changing. This week I have rescheduled the Calendar yet again in the hope that we will get out and about sooner rather than later but what I can do is give an assurance that every single Lodge who have had an anniversary over the past year will have a Rededication Ceremony carried out by Grand Lodge. Depending on future restrictions there may be a greatly reduced Deputation from Grand Lodge, but we will be there with you. Each Saturday, my Depute and Substitute will be heading Deputations so that we will have three events running every Saturday – we may even do some mid-week, but we will be in every Lodge on the list. Once the Government give us a clue as to what we can or cannot do, we will be in touch with proposed dates.

Likewise, I am mindful that I have eight Provincial Grand Masters waiting to be installed. That too will happen, and I will be speaking to each of them soon to discuss arrangements.
